

Cosentyx (secukinumab) patient dosing schedule for paediatric psoriasis

Name:

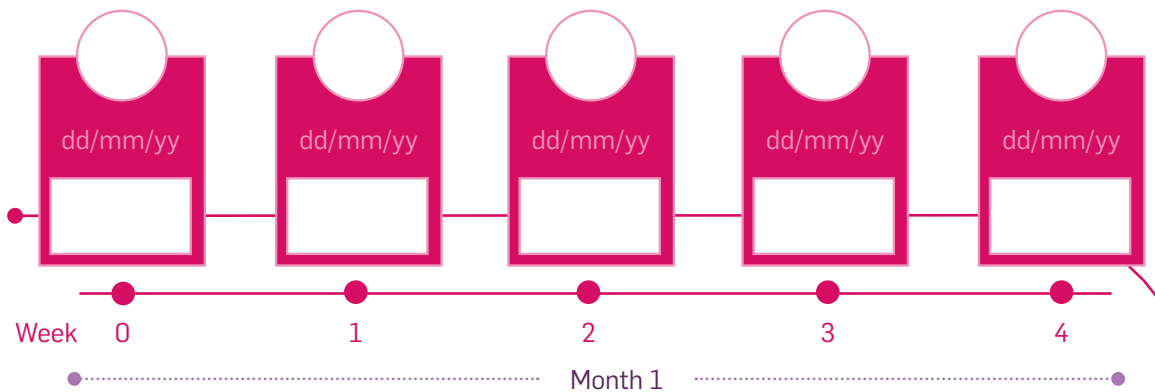

Prescribed dose:

Keep track of your Cosentyx treatment using the dosing schedule below. Your healthcare professional should have already entered **your planned injection dates**.

You can **tick the clickable circles** after administering Cosentyx*, or alternatively print the document to keep track by hand.

*Please note that the clickable function may not work on some devices.

Tick the circle when you've had your treatment on the planned date.

This is your last weekly dose; the injections will now be monthly.

Treatment continues once monthly. Consult your healthcare professional for further planned injection dates.

Reporting of side effects

If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in the package leaflet. You can also report side effects directly via the Yellow Card Scheme at www.mhra.gov.uk/yellowcard. By reporting side effects, you can help provide more information on the safety of this medicine.

This leaflet is intended for UK patients who have been prescribed Cosentyx. Not for further distribution.
